

## Did you know?

The meaning of October comes from the Latin word Octo meaning eight. The old Roman calendar started in March, so October was the eighth month. When the Roman senate changed the calendar in 153 BCE, the new year started in January, and October became the tenth month.

Why do leaves change colors? Did you know that falls vivid colors are actually hidden underneath summer's green? The main reason for the color change is not autumn's chilly weather, but light—or rather, the lack of it. The green color of leaves disappears when photosynthesis (from sunlight) slows down and the chlorophyll

## October Poem

October Riches-By Lenore Hetrick October brings us royal treasures. There's riches in the bin! All the living gold of fields, has now been gathered in. All the jewels of the orchards, the gems of lane and fields, all the treasures of the garden mingle in the yield. What wealth can equal it in beauty, or rival in sheer worth the riches that October brings from the fertile earth?

October Departs-By Lenore Hetrick October stood serene and proud. "I leave the earth with heart overflowing. I've given food and life to man. Now to a well-earned rest I'm going. Thankfully will all men bless me when snowy winter gales are blowing?"

## About October

First lady Eleanor Roosevelt (1884-1962), wife of Franklin D. Roosevelt (1882-1945), the U.S. president from 1933 to 1945, was a leader in her own right and involved in numerous humanitarian causes throughout her life. Anna Eleanor Roosevelt was born on October 11, 1884, in New York City. Roosevelt and had two younger brothers. Roosevelt, educated by private tutors until age 15. Roosevelt's formal education ended at age 18, when she returned to New York City and made her social debut at the Waldorf-Astoria Hotel. She then became actively involved with social reform work, serving as a volunteer teacher for impoverished immigrant children at Manhattan's Rivington Street Settlement House and joining the National Consumer's League, whose mission was to end unsafe working conditions and labor practices in factories and other businesses. On March 17, 1905, 20-year-old Eleanor married Franklin Roosevelt, a 22-year-old Harvard University student and her fifth cousin once removed. Theodore Roosevelt. Franklin and Eleanor had six children. In 1921, Franklin Roosevelt was diagnosed with polio, which left him paralyzed. Eleanor encouraged her husband's return to politics, and in 1928 he was elected governor of New York. Six years later, Roosevelt was elected to the White House. Eleanor Roosevelt was initially reluctant to step into the role of first lady, fearful about losing her hard-won autonomy. However, after Franklin Roosevelt was sworn in as president in March 1933, Eleanor began to transform the conventional role of first lady from social hostess to that of a more visible, active participant in her husband's administration. In September 1948, Eleanor Roosevelt delivered her most famous speech, The Struggle for Human Rights, which urged U.N. members to vote to pass the Universal Declaration of Human Rights. Her speech read, in part, The basic problem confronting the world today is the preservation of human freedom for the individual and consequently for the society of which he is a part. The Universal Declaration of Human Rights was formally adopted on December 10, 1948.

Eleanor Roosevelt died at age 78 on November 7, 1962, in New York City from aplastic anemia, tuberculosis and heart failure. Her funeral was attended by President Kennedy and former presidents Harry Truman, and Dwight D. Eisenhower. She was buried next to her husband on the grounds of the Roosevelt estate in Hyde Park

*October- October's the month when the smallest breeze gives us a shower of autumn leaves.*

*Bonfires and pumpkins leaves sailing down-October is red and golden and brown.*

*October leaves are lovely they rustle when I run sometimes I make a heap and jump in them for fun!*

*Autumn leaves float quietly down and form a carpet on the ground, but when those leaves are stepped upon, listen for the crackling sound!*
